

PARALLEL: ANTIOCHUS IV EPIPHANES AND ANTIPOPE JOHN PAUL II

There is a parallel between Antiochus IV Epiphanes and Antipope John Paul II. It is a bit unusual.

It concerns the theme of incest. I recently discovered that Antiochus IV married his own sister. Her name was ***Laodice IV***.

She married three of her brothers, one after the other. Antiochus IV was her third husband. Thus, the life of Queen Laodice was steeped in incest.

How does she connect to JP-2? She is similar to his false prophetess. That is, the Impostor-Lucia. In my opinion, the Impostor-Lucia is the product of incest or inbreeding.

The reason: her large, elongated chin. It's known as a "Habsburg Jaw." The Habsburg Jaw is always the result of intense inbreeding. Learn more: [HERE](#)

As mentioned, the Impostor Lucia had the Habsburg Jaw. That is, a large protruding chin. That's how we know that she is not the real Sister Lucia of Fatima.

See the Impostor's chin photos and analysis:

- Tradition in Action: [HERE](#) (See Section 2)
- Sister Lucia Truth: [HERE](#) (See Comparison-1, Point-5 / See also Comparison 3)

NOTE: The phrase “mental protuberance” relates to the lower jaw and chin.

In summary, both ***Queen Laodice IV*** and the ***Impostor-Lucia*** had connections to incest. Either they took part in incest or were byproducts.

Therefore, we have a new parallel between Antiochus IV and John Paul II. This parallel is based on their female allies.

Wikipedia – Queen Laodice IV

"Antiochus III appointed Laodice in 193 BC, as the chief priestess of the state cult dedicated to her mother Laodice III in Media. She later was married to three kings of the Seleucid Empire --all her brothers."

(From Dominic:)

- 1) It says that Laodice IV was the **chief priestess**... and the fake Sr. Lucy also played that role, in a manner of speaking, in the Novus Ordo sect.
- 2) It says that Laodice IV was married to **three kings**.. and the fake Sr. Lucy was first introduced by Paul VI and she died during the time of JP II. She was present for **three antipopes**, P6, JP I and JP II.

Antipope John Paul II Changed the Times

Concerning Daniel's Antichrist Prophecy, John Paul II "changed the times" in a special way. That was in October 1996 when he gave his Evolution Speech. He strongly promoted Darwin's theory. He falsely claimed that all scientific evidence supports this theory.

In so doing, he replaced the Biblical timeline (7500 years) with the atheistic timeline (billions of years). Thus, when JP-2 spoke in favor of Darwinian Evolution, he "changed the times."

"And he shall speak words against the High One, and shall crush the saints of the most High: and he shall think himself able to change times and laws, and they shall be delivered into his hand until a time, and times, and half a time."
